

## Active Towed Array Sonar Actas Outstanding Over The

If you ally habit such a referred **active towed array sonar actas outstanding over the** ebook that will allow you worth, get the very best seller from us currently from several preferred authors. If you desire to hilarious books, lots of novels, tale, jokes, and more fictions collections are then launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all books collections active towed array sonar actas outstanding over the that we will definitely offer. It is not not far off from the costs. It's not quite what you infatuation currently. This active towed array sonar actas outstanding over the, as one of the most operational sellers here will totally be along with the best options to review.

Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

### Active Towed Array Sonar Actas

ACTAS (Active Towed Array Sonar) belongs to the generation of new and advanced ASW sonar systems, which comply with today's naval requirements to counter the ASW threat by deploying high-transmission-level low-frequency sonar equipment at variable depth to achieve long-range submarine detection. The Active Towed Array Sonar System ACTAS is designed to support ASW operations against small, silent submarines over long ranges and in difficult sonar environments.

### ACTAS | ATLAS ELEKTRONIK

The ATLAS ELEKTRONIK Active Towed Array Sonar (ACTAS) is a low-frequency ASW sonar system that operates simultaneously in active and passive detection modes and provides high-resolution target detection. ACTAS - Active Towed Array Sonar Designed to Detect, Track and Classify It is designed to detect: Submarines Torpedoes

### Active Towed Array Sonar ACTAS Outstanding Over-The ...

WASS ATAS (ACTIVE TOWED ARRAY SONAR) The System consists of only two Indoor Cabinets (only one Processing and one Power Unit) and its HCI can be fully integrated with Multifunctional Modern Console of CMS.

### WASS ATAS (ACTIVE TOWED ARRAY SONAR)

ACTAS Sonar Systems for the Indian Navy. ATLAS ELEKTRONIK and the Indian Ministry of Defense have signed a contract for the delivery of six active towed array sonar systems (ACTAS) for the Indian Navy. The total contract volume is approximately 40 million Euros. Delivery of the first system is planned for 2016.

### ACTAS Sonar Systems for the Indian Navy - Defense Update:

To track enemy submarines, ASW corvettes need to have something known as Active Towed Array Sonar or Actas. This is a system of hydrophones towed behind a vessel on a cable that can be kilometers long. This keeps the array's sensors away from the noise sources of the ship towing it, thereby improving its signal-to-noise ratio.

NEW DELHI: India will get six low frequency Active Towed Array Sonar (ACTAS) systems, that will be fitted on the Kamorta-class corvettes, later this year from Germany. The system, which can detect enemy submarines, will give a fillip to India's anti-submarine warfare capabilities. India had late last year signed a contract for the towed array sonar with German firm Atlas Elektronik.

## **Navy to soon get latest Sonar systems for anti-sub warfare ...**

The company's spectrum of sonar systems for surface combatants consists of active and passive sonars ranging from the hull-mounted sonar (ASO) through to the low-frequency active towed array sonar (ACTAS). ATLAS ELEKTRONIK systems meet the requirements of nearly every conceivable mission scenario with diverse roles, resolutions and applications.
