### The Evidence and Impact of Financial Globalization ...

The Onset of the East Asian Financial Crisis 107 that subsequently occurred. A combination of panic on the part of the international investment community, policy mistakes at the onset of the crisis by Asian governments, and poorly designed international rescue programs have led to a much deeper fall in (otherwise viable) output than

### The Onset of the East Asian Financial Crisis

The Asian financial crisis of 1997-1998 gave new life to Mahathir's East Asia ideas. Regional resentment toward the International Monetary Fund (IMF) and U.S. handling of the crisis intensified interest in an East Asian group, which took the form of the ASEAN (Association of Southeast Asian...

### Asian financial crisis | Causes, Effects, & Facts | Britannica

The Asian financial crisis was a period of financial crisis that gripped much of East Asia and Southeast Asia beginning in July 1997 and raised fears of a worldwide economic meltdown due to financial contagion.

### 1997 Asian financial crisis - Wikipedia

The Asian Financial Crisis of 1997 affected many Asian countries, including South Korea, Thailand, Malaysia, Indonesia, Singapore, and the Philippines.After posting some of the most impressive growth rates in the world at the time, the so-called "tiger economies" saw their stock markets and currencies lose about 70% of their value.

### What Was the Asian Financial Crisis?

While it started in Thailand, the economic bubble and financial crisis extended into Indonesia and South Korea and soon after, Hong Kong, the Philippines, and Malaysia and Laos were affected. Vietnam, Singapore, The People's Republic of China, Pakistan, Taiwan, and India remained less affected by it but did suffer a reduction in demand and confidence in the general Southeast Asian area (Tuluca, & Zwick, 2001).

### What Caused the Asian Currency and Financial Crisis?

This paper analyzes the origins, implications, and solutions for the Asian financial crisis. From the perspective of a member of the Executive Board of the IMF, as Asian problems were building, the IMF overlooked weaknesses in bank and corporate balance sheets in much of Asia: the IMF was unaware of the extraordinary leverage of Korean companies, which in some cases reached a ratio of 600/1 ...

### Chapter 18 The East Asian Financial Crisis: A Year Later ...

In the Asian crisis, the Fund warned Thailand of an impending crisis but action was not taken. Fund staff also warned about financial sector weaknesses in several of the countries subsequently badly hit in the crisis. But we failed to foresee the virulence of the contagion effects produced by the widening crisis.

### The IMF and the Asian Crisis - Address by Stanley Fischer

The chapter summarizes the debate from six aspects, i.e., the existence of the model, investment policy, trade policy, industrial policy, replicability of the model, and the end of the model. Part II presents the author's interpretation of the East Asian miracle through re-examination of both theories and facts.

### The East Asian Development Experience: The Miracle, the ...

Critics and experts blamed structural weaknesses and misguided macroeconomic policies as the major causes of the 1997 financial crisis. These include financial sector frailties, weakness in the corporate and government sectors, a deteriorating external situation, and contagion. It is argued that neither the structural nor liquidity-panic view accounts for the causes and consequences of the crisis.
