Composition is a very broad but important term in art. Art is not just about being able to accurately render a scene. It is the visual form of music and you are the composer. Composition in art is essentially the arrangement of visual elements using various principles and techniques. It is often used to describe the overall design of a painting.

The character art was undoubtedly composed using airbrush, whilst the background takes style clues from 90's MTV. This format would proliferate almost all Japanese Sonic covers until 1998's Sonic Adventure. The European box art would use Watanabe's Sonic character art but superimpose it on a not so vibrant backing.

Mathematics. The basic operation used in digital compositing is known as 'alpha blending', where an opacity value, ' $\alpha$ ', is used to control the proportions of two input pixel values that end up a single output pixel. As a simple example, suppose two images of the same size are available and they are to be composited.
