...

Small, powerful, convenient, and maybe even stylish, Bond Arms' derringer handguns have been described using a wide variety of positive adjectives. But "lightweight" hasn't been one of them. At something around 22 ounces, all-steel derringers are hefty little guns for their profile, especially when compared to half-polymer semi-autos.

I think the survival gun last ditch truck gun tackle box gun is where derringers really shine anyway, places where you need something small and light to tuck out of the way, so something like the Snake Slayer really makes sense in that respect. 3. Bond Arms Ranger II. The Bond Arms Ranger II is probably the easiest derringer to shoot on this list.

5 Best Derringers: Our Favorite Tiny Bois - Pew Pew Tactical

This pistol breaks open to load and clean and is latched rigidly closed with a spring Derringer pistol. Empty cases automatically extract when the gun is opened and Che hammer loaded cross bar mechanism. This is accomplished by a simple cam ing action be— is automatically put in the half position. tween the extractor and hammer.

Brokenguns.net

The term "derringer" has come to refer to any small-sized handgun that is neither a revolver nor a semi/fully automatic pistol. It is not to be confused with mini-revolvers or pocket pistols, although some later derringers were manufactured with the pepperbox configuration. The modern derringer is often multi-barreled, and is generally the smallest usable handgun of any given caliber and barrel ...
