Hey All, just a little info on the BSA Sloper engine I was going on about a few weeks ago, the type found on Ransomes mowers pre-Briggs. Mainly, Norton-Villiers aquired BSA in 1965 and as a result these little motors are more commonly known as a Villiers F-12. They're 120cc, side valve, all alloy and standard with an Amal 379 Carb and Wipac ...

### BSA F12 'Sloper' Update - OutdoorKing Repair Forum

BSA used a system of letters and numbers for yearly identification of their machines. This information combined with the yearly numbers below should help you identify the year and model of your machine. The Frame Numbers are always stamped. If you find raised numbers, these are casting part numbers.

### BSA Serial Numbers - JOE

The BSA S-Series of motorcycles, most commonly known once the BSA Sloper, had been a few motorcycles from the Birmingham small-arms team (BSA) from 1927-1935. Launched in 1927, the 493cc overhead-valve engine had been slanted, therefore the motorcycle featured a saddle container that allowed a reduced seating place, improving the centre of ...
