Memory, in all its forms, physical, psychological, cultural, and familial, plays a crucial role within the contexts of migration, immigration, resettlement, and diasporas, for memory provides continuity to the dislocations of individual and social identity, particularly in a country like Canada, a nation in large part formed by migration and the memory of migrants.

Memory and Migration on JSTOR

Co-hosted by TORCH and the Pitt Rivers Museum, this event will look at how identity, memory and migration are woven together and threaded through into narratives that we see in literature, history, politics and current issues facing the world today.
