Wikibooks is a collection of open-content textbooks, which anyone with expertise can edit - including you. Unlike Wikipedia articles, which are essentially lists of facts, Wikibooks is made up of linked chapters that aim to teach the reader about a certain subject.

Reforming Pensions In Central Europe

Welfare states in general and pension systems specifically have been recently facing many economic, ideological, political and other challenges all around the world. However, welfare state retrenchment and pension reforms . are most likely not to look the same in the post-Communist Europe as in other parts of the world. Almost a half century in the Soviet bloc prepared different political, economic, and institutional legacies for potential welfare state restructuring in Central-East Europe ...

Reforming Pensions in Central Europe: Path Dependence and ...

A decade after major structural reforms, pension reform has again become a burning issue in Central and Eastern Europe. Indisputably, social security systems have played an important role in mitigating the adverse impact of the global economic crisis on the population. However, social security systems - notably pension systems - in Central and Eastern Europe are under pressure of short-term financial consolidation due
