Social Media Optimization For Dummies

Social media optimization— or SMO,as it is often called — is a marketing discipline that emphasizes a holistic approach to social media and website content management. Typically, SMO is used to drive traffic to a website or to raise awareness of a product, a promotion, or an event. Due to its close ties to websites and search engine optimization, SMO is often defined to include efforts to improve a website's social media effectiveness through the use of techniques such as content ...
