IMPROVED GOAT BREEDS Livestock for

Doing the actual Deed (goat breeding style): The good news is that goats don't need training or to be given "the talk" prior to breeding. They have a natural instinct to breed, and they're pretty fast at it. Once you put the buck and doe in heat together, the buck will act interested instantly and being pawing and stomping.

Goat Breeding 101 - Weed'em & Reap

My goal with the Boer goats is to raise breeding stock to sell and to show a champion wether. With only two seasons of kids I am accomplishing that goal, and I am doing it using various sustainable agriculture practices: Raising goats is a small scale livestock production. My goat herds provide alternative weed control.
